EXPERIENCE

2020 JUNE-AUG

SDE INTERN

Deutsche
Telekom
Digital Labs

- Worked on automation of ageing of Jira Issues for the organisation.
- Built a Rule Based UI on the Front End for configuration of rules which were then run against the Jira Tickets.
- A scheduler was implemented on the backend that ran periodically and sent out emails to assignees if the issues were ageing.

2018 OCT - 2019 FEB

FRONT END WEB DEVELOPER

The Healthy
Company

- Developed the front end for the E-Commerce website of THC.
- Implemented Google's AMP for faster loading times.
- Implemented AJAX calls to the backend for better user experience by avoiding unnecessary refreshes.

EDUCATION

2017-PRESENT

NETAJI SUBHAS INSTITUTE OF TECHNOLOGY

B.E COMPUTER
ENGINEERING

- CGPA : 8.625 (5 Semesters)

2004-2016

TYNDALE BISCOE SCHOOL

Schooling

- Class X, State Rank 13th (JKBOSE)
- Class XII, State Rank 7th (JKBOSE)

SKILLS

- Front End Web Development : React, CSS, HTML, Bootstrap.
- Back End Web Development: Node JS, Express JS.
- Databases: MongoDB, MySQL
- ORMs : Mongoose (MongoDB)
- Deep Learning: CNNs, RNNs, Fast AI (Beginner), Text Classification (ULMFit)
